Nov prijatelj A New Friend

Zovite me Ismail. Pre nekoliko godina ostao sam bez para, te sam rešio da se ukracam na kitolovac. Već sam bio radio kao mornar na trgovačkim brodovima, ali mi je lov na kitove budio radoznalost.

Želeo sam da isplovim sa Nantaketa, ostrva sa kog su isplovili prvi urođenički lovci na kitove, te sam stoga otišao u njubedfordsku luku. Stigao sam noću i poslednji brod za Nantaket već je otplovio, pa sam pošao da potražim prenoćište.

Otišao sam u jednu gostionicu koja mi je delovala jeftino. Unutra je bilo nekoliko mladih mornara. Gostioničar mi reče da je puno, ali da bih mogao da podelim krevet s jednim harpunarom. To je bilo bolje od lutanja ulicama noću, te prihvatih.

Call me Ishmael. Some years ago, finding myself without money, I decided to embark on a whaling ship. I had already worked as a merchant seaman, but hunting whales filled me with curiosity.

I wanted to set sail from Nantucket, the island from where the first native whaling boats sailed, and thus I went to the port of New Bedford. I arrived at night and the last boat to Nantucket had already gone, and so I started to look for lodgings.

I went into a hostel which looked cheap. Inside there were some young sailors. The innkeeper told me that he was full, but said I might share a bed with a harpooner. This was better than walking the streets all night, and I accepted.

Već je bila ponoć, a harpunar se još nije bio pojavio. Gostioničar mi reče da možda uopšte neće ni doći. Dugo mi je trebalo da zaspim, a onda me iznenada probudiše koraci. To je bio on!

Harpunar je ušao sa svećom u ruci. Izenadio sam se kad sam video da mu je lice tamne boje i istetovirano. Bio je ćelav, ali je na čelu imao čuperak kose. Svukao se i ja videh da mu je celo telo išarano tetovažama.

Izvadio je neku crnu figuricu i počeo da se moli. Potom je izvukao tomahavk koji je takođe bio i lula i stao da puši.

It was already midnight and the harpooner had not yet appeared. The innkeeper told me he might not come at all. I was a long time getting to sleep, and then suddenly, I was awakened by the sound of footsteps. It was him!

The harpooner came in with a candle in his hand. I was startled to see his face was dark in colour and tattooed. He was bald but had a tuft of hair on his forehead. He undressed and I saw that his whole body was covered in tattoos.

He took out a little black statue and began to recite a prayer. Then he took out a tomahawk which was also a pipe, and began to smoke.

Legao je s tim u krevet i ja
vrisnuh.

„Ko si, dođavola, pa ti? Ne
kažeš li, ubiću te“, zapretio
mi je.

„Gostioničaru, upomoć!“,
povikao sam u strahu.

Gostioničar na sreću dođe i
objasni mu da ćemo deliti
krevet.

„Neće ti Kvikveg ništa“,
kazao mi je.

Domorodac tad postade vrlo
srdaćan. Shvatio sam onda da
se i on uplašio koliko i ja.

He got into the bed with it,
and I yelled out.

“Who devil you? If you not
speak, I kill you”, he threatened
to me.

“Innkeeper, help!” I shouted
in alarm.

Fortunately the innkeeper
came and explained that
we were to share the bed.

“Queequeg won’t do anything
to you,” he said.

The native was then quite
friendly. This made me
understand that he had been as
frightened as I had been.
